

SUPER SCANNER

MAKE – LABTEK, ORIGIN – INDIA

Handheld Metal Detector

1. For fast weapon screening and theft prevention
2. Highly sensitive scanning circuit-fast scan rate
3. Instant response-clear visual and audio alarms
4. No false alarms-digital go, no-go threshold circuit
5. Extra large coil for wide coverage
6. High sensitivity for non-intrusive body searching
7. Ergonomically designed-reduces operator fatigue
8. Electronic switching with tactile feedback
9. Three state, daylight-visible, Blue LED alarm and status indicator
10. Low field strength-no effect on pacemakers and magnetic media
11. Detects all metals, alloys and ferrites
12. Low current drain-over 300 hrs of use on 9V Duracell battery
