

ANALOG INSULATION TESTER

MODEL NO SL -EE -391, MAKE - LABTEK, ORIGIN - INDIA

FEATURES:

Should have the following features:

- Light and portable combination instrument for testing insulation, continuity & AC voltage.
- Instant operated with pushbutton.
- Timer for auto power off.
- LED (red) indication works when testing insulation & continuity
- Uses high efficiency & accurate DC-DC converter.

SPECIFICATIONS:

Insulation Resistance:

- Test voltage: 250V/500V/1000V
- Output Voltage open circuit: +10%
- Measure ranges: 0-100M $\hat{\circ}$ /0-200M $\hat{\circ}$ /0-400M $\hat{\circ}$
- Accuracy: $\hat{\circ}\pm 5\%$ rdg
